Work Experience

Web Developer

Development, Pro Advisor Group, Belgium, Brussels 09.2024 - 03.2025

1. Built responsive interfaces from Figma in React/TypeScript (Next.js).
2. Integrated forms with APIs for data submission and validation.
3. Participated in code reviews to improve code quality and consistency.
4. Delivered globalproperty-group.com UI with cross-browser compatibility.

PROJECT:

1. globalproperty-group.com - Shipped responsive, accessible, cross-browser Next.js/React interfaces from Figma designs; integrated an API-backed contact form with client-side validation, and contributed to code reviews and reusable components for a luxury real estate investment company.

Associate IT Specialist

Managed Service, summ-it Inc., Poznan, Poland

11.2023 - 09.2024

1. Audited summ-it.pl with Lighthouse (mobile & desktop) across Performance, Accessibility, Best Practices, SEO. Delivered a prioritized fix plan that lifted Performance from 75-80% to 99%.
2. Ran A/B checks on key UI elements (copy, buttons, spacing) and recommended the winning variant based on engagement metrics.
3. Provided L1/L2 support for SQL Server issues and maintained server infrastructure, including Windows Server backups and updates with 100% SLA compliance.
4. Managed Active Directory for international clients: user provisioning, signature templates, license assignment (M365), and group/role organization.

Customer Service Technical Support

Customer Experience, Allegro Ltd., Poznan, Poland

01.2022 - 10.2022

1. Resolved customer technical requests with a high first-contact resolution rate.
